Date 22/04/2025,

I am honored to share this testimony with deepest appreciation and heartfelt thanks to **Moulana Irfan Yazdaani Sahab** for his incredible efforts in supporting underprivileged students by raising funds for their education.

Your compassion, dedication, kind heart and willingness to go the extra mile have made a significant difference in the lives of many young minds who might otherwise have missed the opportunity to pursue their dreams and also might have been forced to abandon their studies.

Through relentless effort and compassion, He took it upon himself to collect funds to help students in need to pay their school/college fees. In doing so, He not only eased the financial burden on struggling families but also opened the doors of education for children and made a lasting impact on the lives of many students.

His commitment to this cause reflects an extraordinary sense of responsibility and humanity. He inspired others to contribute, turning concern into action and hope into reality. The students who benefited from his generosity now have a chance to dream bigger and reach higher, all because someone believed in their potential.

Moulana Irfan Yazdaani Sahab is a true example of what it means to serve others with purpose and love. We are grateful for his efforts, and we pray that his good work continues to touch many more lives of students.

Your actions reflect not only generosity but also a deep understanding of the power of education and the hope it brings. You have lit a candle in the darkness for so many, and the impact of your kindness will echo through generations.

I also request the compassionate individuals and NGO's to come forward and contribute through this person in raising funds for the school /college fees of underprivileged students so that it can make a significant difference in child's life by providing them the opportunity to learn, grow and build a better future. Together let us ensure that no child is denied their right to education due to lack of funds.

Please continue this noble journey. **The world needs more people like you—people who see a problem and become the solution.** Your work is a true inspiration to all of us, and I have no doubt that your continued efforts will bring even more positive changes to the lives of many students.

Thank you once again for being a beacon of hope. May your kindness return to you manifold.

With sincere Gratitude, Appreciation & Admiration,
